Idaho News.

The World of the 10th has the following:

HIGH WATER.

The warm weather this week has caused a rise in the waters of all the mountain streams. Moore's Creek is almost unmanageable and has done much damage among the creek claims. The Fayette is still very high—more so than ever before known. Thomas Trigg has been carried about two feet down the river, and is in momentary danger of going off.

DAILY STAGE LINE.

Kelly & Greathouse are about to run a daily line of stages between Boise and Idaho City—going down from this place and returning the same day. Quick time, and good for travelers.

A CHILD DROWNED.

A son of Mr. Chas. Brody of this town, was drowned on Wednesday, by falling into a flume. The boy's name was Frank Brody—aged one year, six months and seventeen days. He was found by some men working at the mouth of Kelly's flume. The child's neck was broken when found. He probably fell upon one of the cross ties of the flume, killing him instantly, and then fell into the water and was washed through the boxes.

The *Statesman* of the 10th furnishes the following items:

JUDGE M'BRIDE COMING HOME.

Judge McBride and C. J. Prest on the 1st, by telegraph on the 11th inst., from Denver to Judge Kelly, that they were to leave there on the 14th inst., and will be here as soon as possible. "High water and bad roads ahead." They will be here about the 23d inst.—so that we shall have a Supreme Court this time. Notice will be published of Judge McBride's arrival, at which time the Court will enter upon business.

THE NEW STEAMER SHOSHONE.

The editor of the *Statesman* writes from Boise Ferry, May 16th:

The first link in the chain of steam communication to be made continuous at no distant day between Salt Lake and the Columbia river, was welded to-day. The new steamer *Shoshone* of the O. S. N. Company put on steam yesterday and ran from this place up to the Owyhee Ferry, distance twenty five miles. It being late in the afternoon when she started, Captain Myrick laid over at dusk last night and ran up to the Ferry this morning, arriving at ten o'clock in nine and a half hours running, time with fifty pounds of steam. This was the first time her lines were let go, and she behaved in a manner to reflect credit upon builders and officers.

THE LATE TRAGEDY IN NEVADA.—The Nevada *Transcript* gives the following version of the statement of Mr. Venard, who killed the three robbers in Nevada.

On hearing of the robbery, Sheriff Gentry and party immediately started for the spot, which is a short distance down the grade to Black's Bridge, on the south Yuba. An examination satisfied some of the party that the robbers had gone down the hill so as to strike the river at a point below. The party started to scour the country. Venard and Leo got upon the trail of the robbers and followed on such a distance that it seemed likely they would come out on the road to Holt's Crossing. Leo went back to take the horses round to that road. Venard followed the trail till it struck the South Yuba near the mouth of Myers' ravine, and found the robbers had not crossed the river, nor the ravine, which is a steep, muddy mountain torrent, rushing, among and over rocks with considerable noise. He followed up the steep bank, watching to see if the robbers had crossed or ascended the hill. Coming to a mass of huge rocks rising in the midst of this torrent he crossed to it at its lowest point. He heard nothing unusual, but cautiously proceeded. A huge rock towered above him; smaller ones, but still huge, were between. He came to an alley between the rocks that opened up to the larger one. At the base of the latter, 10 feet above him, and at 20 or 25 feet distance he saw a robber sitting, and in the act of drawing his revolver. Venard says one thought flashed through his brain, that the robber or he must die, and he preferred to live himself. He was a mile away from his companions. Quick as thought he brought his Henry rifle to bear on the robber. At the same instant he saw another leveling a pistol at him. It was too late to change his aim from one robber to another. He fired. The victim fell back. The second robber slipped into a cleft in the rocks to cover himself. His pistol showed over the top. As his head came up to take aim, Venard fired, and the robber fell. Still there was another robber. It was a lonely spot. Rocks, logs and brush were all around. He might receive a shot from any direction. There might be confederates all around. Venard rushed up to the den where the robbers had fallen, and took their pistols that others might not use them upon him. There laid the bags of money. He took them a few feet and covered them from sight. He then hurried up a steep point on the other side of the torrent to overlook the scene and to discover the robber if possible. At about sixty yards distant he saw a man making off up the mountain as fast as possible. He fired and the man fell, but continued his flight on his hands and knees looking over his shoulders at his pursuer. Another shot and the robber stopped, stared upon Venard a minute, his head fell, and he rolled down the hill. Venard then sought his companions. The scene of the encounter was visited, and the bags of money brought to town and delivered to Wells, Fargo & Co.

It cannot be denied that this feat of Steve Venard's is a splendid one, and never exceeded in the State. It displays a coolness, courage and skill of a most extraordinary character. It must live as an event in the history of our county, and the criminal history of the country. A safe is robbed at half past four in the morning by three robbers, of $8,000. One man follows the daring villains to their den, kills them all at four shots, and restores the money to the owners at two o'clock of the same day. If this act is not worthy of reward, we know of no act that is. We hope, in addition to the reward offered by Wells, Fargo & Co., that the Board of Supervisors will vote a handsome sum. It is but just that those who peril life for the good of society, should receive the reward of their merit.

VANISHING EVERYWHERE.—A telegram from St. Petersburg, March 22d, announced the abolition of slavery in the capital of Toorkistan, recently conquered by Russia. It was done at the request of the Czar. Upon which the Chicago *Tribune* remarks: "All the slaves, mostly Persian by birth, have been liberated, and the new power of the Czar in these remote provinces has thus been inaugurated with the blessings of liberty."

Yet with freedom everywhere the watchword of the nations, the Democratic party of the United States throws itself across the path of the world's progress in civilization, and would remand to slavery all the millions from whose hands the chains of servitude have fallen. In Oregon a Democratic speaker rises and tells his audience that slavery is not destroyed—that it will be restored again, and that those who have been set free will yet be re-enslaved. And, execrable as this sentiment is, it is loudly applauded! How does all this speak for the intelligence and humanity of men who entertain views so abhorrent to the best feelings of our common nature?

If the Southern States are tranquil—if their people have accepted the issue of the war—if they are as loyal as those of New England—if they are fit to be trusted with the legislation of the country—why does General Grant urge an immediate increase of the army, declare that more troops are needed in the South, and that the national soldiers cannot be withdrawn from that part of the country with safety for some time to come? Will our Democratic oracles who are giving so many pledges for the good conduct of the South, reconcile these matters? Or is the opinion of that "Abolition Butcher" Lieutenant General Grant, of no consequence whatever? We would ask the *Herald* to tell us something about it, but as it refused to print the telegraphic dispatch which contained the Lieutenant General's call for the troops and the reason of the call it would not now answer any questions on the subject. General Grant is evidently in poor repute with the editor of the *Herald*, who in 1861, called our patriotic soldiers "fanatics, fools and vagabonds."

O'MEARA AND THE WORKING MAN, AGAIN.—The *Herald* last week published a letter over the signature of "A Passenger," to bolster up that affair in the stage at Aurora, making it quite plain that the OREGONIAN account was a "big lie made out of nothing."

To show which is right and which has "lied," we publish the following extract of a letter from Salem, written by a gentleman whose name the *Herald* or "Zip Coon," can either of them have, if they want it:

> That letter written at Salem, over the signature of "A Passenger," published in the *Herald* of the 2d, was written by "Zip Coon" (T. P. V. Coon) of this place, who has been bumming hereabouts for some time. The letter assumes to clear O'Meara of all blame in the stage affair the other day. I heard Harry Hall reading it through, and he says it is "a —— lie" [where we put in the dash, is one of the longest oaths on record.—Ed.] "The account in the OREGONIAN," he says, "was as near the truth as it can be told." Harry Hall is the stage driver, referred to in the affair. * * * * Mr. Hall did not intend to say a word about the matter, but when he saw that letter of "Zip's," he will not refrain from giving it the lie, and then told of the whole affair. Jamieson attempted to act pig-gish and acted bad, but was frustrated at that time.

Suffrage.

There is a single consideration which if rightly weighed, effectually disposes of all the cant of the day in regard to negro suffrage. This point was brought out by Mr Logan in his speech on Saturday evening, and is thus stated The Constitution of the United States expressly recognizes the right of the States to regulate suffrage, or, in other words, to prescribe the qualifications of electors, therefore Congress cannot reach the question, and has attempted no legislation upon it. The Congress of the United States can never undertake to regulate suffrage until the Constitution is amended to give the right and power to do it. There is no proposition to amend the Constitution in this regard, therefore the question has not yet come before the people, and it is idle to discuss it. Thus universal suffrage is not a national issue, nor is it pending in any State that we know of. Certainly there is no question of the kind before the people of Oregon. The Constitution of this State denies the right of the negro to vote, and we are not aware that anybody has proposed to change it. That question is not raised in this election.

Affecting Narrative.

We think there are few persons who have not been deeply affected by reading the touching, moving, sorrowful, distressful, tristful, agonizing history of the foundling, James D. Fay, which appeared in the *Herald* on Saturday morning. Of the ancestry of the foundling nothing is said; hence we infer that the biographer is willing for the world to take it for granted that the pedigree of his hero is precisely as Nesmith described it, viz.: "A bad cross between a rat-terrier and a ring-tailed monkey." The foundling's history, as given in the *Herald*, commences when he was fourteen years of age. At that tender age, he was found "cutting brush" in Clackamas county. For most lads of his years, this work would not have been esteemed an especial hardship; but for one who was born in South Carolina, it was too much, and the hero of the story cried. Yes, actually cried over his misfortunes! Infallible indication of no common intellect, was this burst of tears. After witnessing it, who could fortify himself against the conviction that James D. Fay, the South Carolinian, was destined to be a distinguished man? No wonder that his patron saw in him the germs of coming greatness?

"A boy of fourteen who cries because he is obliged to work, must surely have material in him for a Congressman," thought his patron; and the hero of the story was pointed to a library and told to improve by reading and study the wonderful talents which his tears had given so unerring a promise of. He was told "not to visit the grog-shops and doggeries," which the little James promised not to do. How nobly he has kept his word! Does anybody suppose that the foundling ever tasted ardent spirits? Not once. Why, he has grown to be one of the first temperance reformers of the age! His ruddy face, blossoming nose, and the company he keeps, will tell you that. Nothing but virtue in his looks! Think you he ever visited a grog-shop? The purity of his language will disprove that! And his Chesterfieldian manners are against it, too. And his vocabulary of choice and elegant expressions and expletives and epithets, prove beyond question that he never was in a "doggery." No, never! Are you not ashamed, Sir, to shake your head so incredulously? The peculiar conduct of James, the foundling, is not to be attributed to so base a vice as inebriety. What would look like a "spree" in others is but an eccentricity in him. No, no, he is not drunk when he lies in the street of a night with a curb-stone for a pillow! 'Tis one of the eccentricities of a great man which gives proof of an intellect of wonderful capabilities and powers! So it is certain that the foundling never disobeyed the instructions of his benignant patron!

The foundling's benefactor exacted a promise of our hero that he would forever be a devout Catholic. "God being my helper," quoth the tearful James, "I will." With an integrity of purpose that never wavered, the foundling went to a Methodist camp-meeting near Corvallis a few years after, made a happy profession of religion, joined the church, was baptized by immersion by Father Wilbur, and became what is known among some excessively fastidious people, as "a howling Methodist." Was this a violation of his solemn promise? Not any. For wasn't he kicked out of the Methodist church in a very short time for his—eccentricities? And if he did commit a slight fault in abandoning the Catholic faith contrary to his promise, didn't his subsequent ejectment from the Methodist church atone for it? Assuredly, very assuredly it did

The foundling was once afflicted (so the chronicle relates) with the loss of reason. He became a maniac! The cause of this calamity was the same as that which had moved the foundling to tears, as above related—he didn't want to work. He was going to blow out his brains! The shotgun had to be hid! 'Twas the only way of safety. But his benefactor having one day come to the conclusion that our hero was not so thirsty for his own blood as he pretended to be, carefully loaded the afore-mentioned shot gun and offered the lethal weapon to his ward. And did the foundling frantically seize it and fire? Did he clutch it with the grip of a maniac? He quietly took the gun and began to examine it! Reason dawned upon him at that instant! Truly it was a miraculous cure!

We have thus given the history of the most important part of the life of the foundling, James D. Fay. Young men, if you are looking for an example, study the life of this foundling.

Our task is done. Our story has ceased. Our theme has died into an echo. We leave it here, trusting that from the above history the world will be convinced that James D. Fay is no ordinary man!

MINT OFFICERS IN NEVADA.—As we learn from the Carson *Appeal*, Messrs Mills, Curry and Rice held a meeting on the 11th inst., and organized in accordance with instructions from Washington, by the election of Mr Rice as Disbursing Agent, and Colonel Curry as Superintendent of Construction.

It is semi-officially announced that the President has changed his policy—of much speaking. *The National Intelligencer* tells of his "mute, but piercing look."

[DISPATCHES TO THE OREGONIAN.]

DATES TO MAY 21.

Foreign News.

HALIFAX, May 21.—The steamer *Cuba* has arrived with dates from Europe to the 12th. Consols closed on Friday 11th at 86@86¼ for money. The money in the Bank of England decreased 323,000 pounds. The rate of discount had advanced to 9 per cent.

Nothing was done in American securities, owing to prevailing panic.

Consols closed on Saturday 12th, at 86¾@86⅞; 5-20's at [illegible].

The Bank raised the rate of discount to 10 per cent.

The town of panic culminated late on Thursday, May 11th on the suspension of Overend, Gurney & Co. Its liabilities [illegible] 10,000,000 to 12,000,000 pounds. Advances were asked from the Bank of England but the Bank declined to grant any on the ground that it would be ruinous in a [illegible] like this to assist one establishment and not be prepared to help other applicants as well.

On the morning of Friday, intense excitement prevailed in financial circles at London, Liverpool and other cities. Business was almost entirely suspended meanwhile financial and mercantile disasters were hourly announced. The first was a bank of which the stock was held by English [illegible] £8,000,000 sterling, then that of Peto & Betts for £4,000,000; then W. Shrimpton Railway Contractor for £250,000, and finally it was understood that the Imperial Mercantile association with a paid up capital of £550,000 sterling and the consolidated Discount Company with a paid up capital of £250,000 sterling must with extremely heavy commitments pass into liquidation. During the day most intense anxiety was manifested to ascertain if any steps had been taken by the leading merchants and bankers to represent to Government the extent of the crisis and a false notice on stocks exchange that an extra issue by Bank to the extent of £70,000,000 had been ordered and caused a general rebound in prices. Later in the evening it transpired that the Government had resolved to suspend the Bank Charter Act. It was already known that several failures among houses will be announced in connection with the approaching half monthly settlement. On the Stock Exchange a large number of country bankers were in London to confer with their London agents and provide against all danger from local runs both in London and the country. At Manchester there was a complete panic. At Glasgow the Iron Brokers resolved to suspend business. In Liverpool there was increased panic at the commencement on Friday 11th, at less [illegible] at the close.

Taking into account the depreciation that simultaneously occurred in English funds and foreign securities, the diminution of the year may be estimated to reach 120,000,000 pounds, to say nothing of the losses in cotton goods and other articles. The *Times* says that if anything can justify the suspension of the Bank charter act, the panic which swayed the city to and fro on Friday night, the 11th, will excuse it; although we believe the reign of terror was approaching its end and would have speedily ceased, had no infraction of the Bank laws been committed. Then it is probable the license allowed to the Bank will not be used. It cannot, however, be denied that about midday yesterday the tumult became a rout. Such excitement on all sides had not been witnessed since the great crisis of 1845. The *Daily News* applauds the wise and prompt action of the Government, and says that during Friday the Bank had extended its discounts until the amount exceeded four millions sterling. The effect was to reduce the bank reserves nearly three millions. The prevailing distrust justified the Government intervention. The action of the Government was announced in the House of Commons on Friday midnight, the 11th, by Gladstone, who had been engaged all the evening in consultation with bankers and others, who represented that the panic was without parallel in the financial history of the country. Gladstone said he had addressed a letter to the Bank of England, stating that if they should find reason to afford relief to the firms of legitimate commerce and make such advances as would require the issue of notes to the amount allowed, the Government recommended them not to hesitate in doing so. He undertook in the event of that contingency, to make immediate application to Parliament for an act of indemnity.

LIVERPOOL, May 12.—The cotton brokers' circular reports sales for the week at 45,000 bales, 4,000 were to exporters, the rest to speculators. The market has been very dull and prices declined ½@1d for American and other descriptions. The authorized quotations are fair Orleans at 16d; fair Mobile, 15½; fair uplands, 14½d. Breadstuffs have a declining tendency. Spence & Co. report flour firm and wheat firm at an advance of 3d.

LIVERPOOL, May 13.—Cotton sales on Saturday amounted to 30,000 bales. The market was firmer, and ⅛d higher.

The Bank of France on the 10th, advanced the rate of discount from 3½ to 4. Napoleon made a significant speech at Auxerre in which he said he detested the treaty of 1815. The Paris Bourse accepted it as a signal for war and a severe panic had set in. The *Review* of the 12th of May says the whole Prussian army is massing along the frontier. Austria is bringing to the field every man she can raise. It is enough to say the whole nation is panting for war.

An attempt was made to assassinate Count Bismarck as he was walking in Berlin. The assassin fired several shots from a revolver. Bismarck received only a slight contusion. The assassin was arrested but committed suicide in prison.

The Vienna correspondent of the London *Times* says, Minister Motley announced that he would leave the country if another body of volunteers was dispatched to Mexico. A detachment of 1,000 men was to have embarked at Trieste, May 10th, but there is no announcement of their doing so, but the dispatch of the 11th of May says, in consequence of the protest of the American Minister the volunteers who joined the corps destined for Mexico have been on an unlimited furlough.

FROM THE NORTH.

VICTORIA, May 25.—The British ship *Eaton Chf*, 135 days from Liverpool, arrived yesterday, with a cargo of general merchandise. The schooner *Premier* also arrived yesterday 29 days from Honolulu, with a cargo of sugar, molasses, pulu and rum.

The Queen's birthday was celebrated yesterday with the usual festivities. In the evening a grand ball was given by the Governor, which was largely attended.

Washington Territory News.

We clip the following items from the Vancouver *Register*:

CLARK COUNTY DEMOCRATIC TICKET.

The following ticket was nominated at Vancouver on the 19th: For Representatives John Pollock, John B Brazee, and H M Knapp; County Commissioner, Geo W. Hart; Sheriff, H. C. Morse; Treasurer, C H Hunder; Auditor, P. A'Hern; Assessor, A. Coffey; Probate Judge, Joseph Petrain; Prosecuting Attorney, H. L. Caples.

A BRIDGE ACROSS SALMON CREEK.

We learn that the settlers north of Vancouver, in response to a call made by the Bridge Commissioner appointed by the board of County Commissioners at their last session, met a few days since at the house of Mr Wilson, and determined to build a good and substantial bridge across Salmon creek forthwith, near the place of the present ford, on Brian's farm eight miles north of Vancouver. This bridge has been needed for the last five years. It opens communication, at all seasons of the year, between our town and the rich swale lands north of us.

MINER'S ORGANIZATION.

At a meeting of the stockholders of Rising Sun and Morning Star Gold and Silver Quartz Lodes, held in the city of Vancouver, May 21st, 1866, the meeting was organized by electing Louis Johns Chairman, and C H Hunder Secretary.

It was then moved and carried that the stockholders of the Rising Sun and Morning Star Ledges, organize in one Company.

The shareholders of the two named Ledges there present signed their respective names to a list for that purpose.

The Proof.

Geo. A. Edes, is the County Clerk of Marion county who heard Tom Caton's confession about the "Old Guard" societies, copied in this paper from the *Statesman* supplement. Here is Mr. Edes' evidence, sent us by telegraph in reply to our question as to whether the statement was correct:

SALEM, OGN., May 26, 1866

EDITOR OREGONIAN:

Caton's statement as published in the *Statesman* supplement of May twenty-first, (21) eighteen hundred and sixty-six, (1866) as to organizing the Old Guard in Polk county for resisting military arrests, is correct.

GEO. A. EDES.

AN ILLUSTRATION.—The State of South Carolina, as all know, has adopted a new constitution. In that constitution is the following article:

ARTICLE IV. In all the elections to be made by the people of this State, every person shall be entitled to vote who has the following qualifications: He shall be a free white man who has attained the age of twenty one years, who is not a pauper, nor a commissioned officer or private soldier of the army, nor a seaman or marine of the navy, of the United States.

So it seems that the first effort of the palmetto chivalry is to show their respect for the soldiers of the United States by degrading them to the position of paupers. The State which took the lead in secession, and which takes the lead in insolently demanding to come back on her own terms, has a constitution which would disfranchise and degrade any citizen of hers who may enter the army of the United States. South Carolina is the model Democratic State, and her conduct in this regard forcibly illustrates the love of that party for the soldiers of our country.

THEIR WITNESS.—Democrats who belonged to the treasonable Order of the "Old Guards," are peddling everywhere, the affidavit of one Aaron Lynch, to the effect that Geo. L. Woods knew something of the cutting down of a flag at McMinnville a few years ago. They still harp on this, though the whole charge has been exploded by the sworn statement of Baker, from whom Lynch pretended to have got his information.

Mr A. R. Elder, of Olympia, who used to live in Yamhill county, writes to us that "if this Aaron Lynch is the same man I knew in Yamhill, he is not only an infamous liar, but a thief." We know nothing personally of Lynch, but if Baker's affidavit and Mr. Elder's statement may be believed, he is not a very valuable witness for the Democracy.

No man's property is safe from the torch of the incendiary.—*Herald*

We hope otherwise; we don't think Mosher's and "Dear Mac's" "Juneaus" are so numerous now as they were two years ago. We don't doubt, however, but they ought to be watched even yet.

State Items

Wm. Collins writes to the *Mountaineer* that the body of a drowned man was found on the 22d inst., about three miles above Collins' landing on the Washington side of the Columbia river. It appeared to have been in the water three weeks, was about five feet ten inches high and was about thirty or thirty five years of age. The body had on light cassimere pants, white drawers, calf boots with toe caps over the front, part of a gray overshirt and a figured leather belt around the waist, a little dark hair on the back of the head and a light goatee, and had the appearance of having had small whiskers. It was buried by Coroner Shepherd of Skamania county.

The Columbia river is again rising. At The Dalles Saturday morning, it had risen eighteen inches in twenty four hours.

GOVERNOR EYRE.—Governor Eyre, it appears, is to be classed among the distinguished men of feeble memories who now and then suffer the less forgetful mob. In attempting to justify to the Jamaica Commission his treatment of the [illegible] he could neither produce any documentary evidence nor recall the names of those whose testimony was oral. His examination was about as successful says the New York *Nation*, as General McClellan's or Robert E. Lee's in analogous circumstances.

Attention, Fenian Guards.—There will be a meeting of your Company this (Monday) evening at 7½ o'clock. Punctual and full attendance is requested.

By order, H. B. HERMAN, Sec'y pro tem

THE PLACE FOR PICTURES.—It is no use to disguise the matter, the only place to get a beautiful, true and artistic PICTURE, is to call at ELLSWORTH & CARDWELL'S PHOTOGRAPHIC GALLERY, 80 First Street. The elegant specimens that daily come into from that establishment command the admiration alike of artists and connoisseurs. Young Children should be brought in the morning. Most Beautiful Photographic Work is now being done at *Buchtel's Premium Gallery*. The EXCELSIOR CARD PICTURE—attracting so much attention in other sections—is being taken at the above gallery, the only rooms in the State where it may be had. Buchtel is the pioneer photographer and ambrotyper, and introduces all the new styles in his line in the State of Oregon, taking the first ambrotype, first photograph and first premiums. Rooms on Front street, corner of Morrison.

SOMEBODY SOLD!—The initiated reader will at once recognize, by the following, from a late Oregon letter to the *Bulletin*, that somebody has been sold, or that the correspondent could not take a joke. We are inclined strongly to be of the latter opinion, and think the correspondent rather "played himself." The rage for cheap statuary has never taken a strong grip upon this primitive and plastic region. But the process of innoculation has been commenced. One of our principal stationers being on a late visit to New York has in some way become the owner of an assortment of war statuettes which he has forwarded here for sale and circulation. Some of the designs are excellent—full of suggestions, and telling their story at a glance; but the material and workmanship are only so-so. The thin round pedestal upon which one of the figures is placed, is labelled "Gen. Grant writing his report." This, I am satisfied, must be a mistake of the marker, or a sell upon our young Oregon virtuoso. The work consists of one figure—the form of a stalwart, angular and roughly made up soldier. He sits upon his haversack, his legs well crossed, and a stump of a pipe in his mouth, more Celtic in cut than even the face behind it—a perfect "dudeen." On his knees rests an outspread portfolio strongly resembling a camp bread-board. In his left hand, closely clutched, is an object resembling a bit of a squash, with the top cut off, evidently intended to do duty as inkhorn. With the thumb and forefinger of his right hand he is intently chafing his chin—waiting for an idea to come down from the region under its heavy infantry cap. Every one must conclude at a glance that the figure was intended to represent Miles O'Reilly, "a writing of his petition" to the Secretary of War, to be got out of the guard-house. As we Oregonians are yet scarcely up to snuff in the domain of art, if this statuette of the vivacious and voluble private Miles O'Reilly is suffered to be put upon us for the phlegmatic and taciturn Gen. Grant, we will be considered a fat market for all the plastic pretences of the day. So I have deemed it prudent to protest at once, without intending in the least to disparage the original Miles, who in his way, is as much of a celebrity as the starriest man among them."

LINCOLN HOUSE OMNIBUS—THE WHITE HOUSE.—Now that the vernal season is in full bloom and wintry rains do not pour their floods more than half the time upon us, the attractions of the McAdamized road, the "Fulton House" and the "White House," begin again to assert their sway over the pleasure-hunting mind of Portland. Yielding to a temptation which strayed into an idle corner of our file "intelleck" on Saturday—our idle day—and blessed of the seven—we took a ride out to the White House, calling, of course, at the Fulton House, and tarrying for a half-hour or so with mine host, William, at the Tivola-end. William knows how to make his place attractive and we trust we shall not offend him by saying that he does it. The White House is an institution without which Portlanders would now be unhappy and plunged in grief. Where could they go? By the way, the Fulton House is now refitted and neatly refurnished by Messrs. Woodward & Lowe, and is now a first class place to stop for lunch, cigars or spiritual refreshments. The "Fulton" deserves patronage. We haven't told yet how we went. The Lincoln House Omnibus has the honor of dead-heading us out and back, and threatens to do it again whenever we feel inclined to patronize(?) the line. The "Bus" goes every day—once in the morning and once in the afternoon at four bits out and fifty cents back. We feel grateful to the "Bus" proprietor for the ride; we are grateful to the Fulton House for lunch; we are grateful to the White House for cigars, and we are grateful to the McAdamized road for its free and easy way; we are especially grateful to the gentleman who paid for an extra cigar. We are going again. We may be happy yet.

UNION MEETING AT THE THEATER SATURDAY EVENING.—The Theater was crowded to overflowing on Saturday night to hear the speech of Hon. David Logan on national politics. The speech was a very able one, and went to the bottom of the subjects which were discussed. Mr. Logan's argument on the status of the revolted States was clear, logical and convincing. He takes a decided stand with Congress on the question of Reconstruction. The Civil Rights Law was ably defended, and its justice fully shown. Mr. Logan not only fully sustained himself in this speech, but added to the reputation which he has long held as one of the ablest speakers in the State.

FAST RIDING AND DRIVING.—Unless harsher measures toward equestrians and Jehus are used, it will become positively dangerous for one to attempt crossing a street. Yesterday, we are informed, a man was knocked down by a saddle horse, and on Saturday another dropped his hat in the effort to make his escape from the wheels of a flying vehicle. A body lay at the corner of Washington and Front streets all day yesterday, having been left lifeless by a wheel on Saturday night. Being one of the canine brothers, a family which has caused a great amount of trouble in our city, no attention was paid to his remains by the officials.

BOY MISSING.—A little son of Capt. Wm. H. Smith, aged eight years, has been missing since Saturday morning. He was last seen at the O. S. N. Company's ship yard with his dog. The dog was found there but the boy has not since been heard of. Capt. Smith is of the opinion that the boy has taken passage in some skiff and gone out of town, as he was rather precociously inclined and would have no doubts about taking a trip if opportunity afforded. He wore a glazed cap, grey coat and blue jeans pantaloons, and boots. Any information concerning the boy will be thankfully received.

BOILER FOR SALE.—Finding that the increasing work of our establishment requires a greater amount of power than is furnished by the boiler we have in use, arrangements have been made for putting in one of greater capacity, and the small boiler will be disposed of on favorable terms. It is suitable for many purposes, is in good condition, having been in use but a short time, and will be sold low on application at this office. The boiler is five feet long, 18 inches in diameter, has fourteen inch-and-a-half tubes, and is of the best quality of iron.

IDAHO COAL.—The discovery of coal within eight miles of Ruby City, Idaho, is one of the most important discoveries in that section, inasmuch as timber for the purpose of mining is very scarce, and cannot be obtained in quantities sufficient for the demand for fuel. Mr. Quincy A. Brooks has left at our office specimens of coal from a mine owned by Mr. Hill Beachy, which appears to be of an excellent quality. We are glad to learn that coal has been found in that section, and feel highly pleased that such a person as Hill Beachy should be the fortunate possessor of an interest in it.

AN EARLY CALL ANSWERED.—The clerk of a drug store was recently awakened at an early hour by a loud ringing of the night bell. Aroused from his morning nap he hurried to answer the call, which seemed to be a matter of life and death. On opening the door he was met by a maiden with a request for a box of rouge, stating that she was going to a picnic and upon examining her toilet had found that essential article wanting. The clerk, annoyed at having been awakened for so frivolous a thing, abruptly turned on his heel, stating that he had not a sufficient stock of the article to cover a "cheek" like hers.

FROM ASTORIA.—The steamer *John H. Couch*, Capt. Hoyt, arrived at 8 o'clock Saturday evening from Astoria. The steamships *Sierra Nevada*, *Oriflamb* and *Montana*, sailed in about twelve hours after their departure from this port. The bark *Almatia*, Capt. Richardson, was yet discharging ordnance at the fortifications, but would soon be ready to receive a cargo of lumber at Oak Point for San Francisco.

IMPRACTICABILITY.—An ingenious artist has succeeded in what has hitherto been deemed the standard symbol of impracticability; he has reconstructed a broken egg. He shows an egg shell which has evidently been broken apart, but is now neatly riveted together. No hen could have done this. Indeed, a hen has no faith in reconstruction, but at once abandons a broken egg as a thing irretrievably lost and gone.

HELD TO ANSWER.—The examination of the two half breeds, accused of shooting John Andrews, was concluded on Saturday before Justice Hoffman. Defendants were held to answer at the approaching term of the Circuit Court for Multnomah county. The wounded man is recovering rapidly, so that it is probable the accused will receive no worse punishment than a term of years in the Penitentiary at Salem.

HEAVY CASTING.—The casting for the northeast corner of Mr. Carter's new building on Front and Alder streets, attracted considerable notice since its arrival here. The casting is seventeen feet in length, and is as elegant as any work of the kind yet made on the coast. There can be no doubt but that Mr. Carter is determined to have a building as fine as they get up below. The material shows that this impression is correct.

CASCADE TROUT.—Our fellow-townsman, A. G. Bradford, Esq., has returned from a visit to his former place of residence at the Cascades, looking considerably improved in point of physical ability, as the result of fishing and hunting excursions. He caught in one day about fifty pounds of fine brook trout, which certainly should be deemed sufficient to put a pound or more flesh upon the person of a lover of such rare sport.

I. O. G. T.—T. Bramhall, Esq., of this city having received the appointment of District Deputy G. W. C. T., will visit the lodges of this district, as soon as possible on matters connected with the temperance cause. The district is known as No. 4, and includes Clackamas, Multnomah, Washington, Columbia and Clatsop counties.

POSTPONED.—The elements being in opposition to the Vancouver excursion yesterday, the *Blumle Troupe* did not make the trip as proposed, hence it was postponed one week. The weather won't do to bet on.

MISSION FLOUR.—In our remarks concerning flour on Saturday last, the article produced at the Mission Mills by James McKay, of Champoeg, was mis-quoted. This brand is held at $6 per barrel, instead of $5 as stated. Messrs. Knapp, Burrell & Co., of this city, are agents.

OLE BULL DEAD.—Ole Bull, the first report of whose death was subsequently contradicted, is dead sure enough. He died at Quebec, April 10th, aged 56 years. Ole Bull was a native of Bergen, Norway, and was the greatest violinist the world ever produced.

NEW GOODS, ETC.—The reader is advised to look over—not overlook—our advertising columns. They present a complete directory to the best and most reliable business houses of the city. The new advertisements of the past few days are interesting to all parties.

SALT SALMON.—The *John H. Couch* on Saturday last brought the first really noticeable shipment of cured salmon to this market. The salmon fisheries of the Columbia river are promising ultimately to be the source of much wealth.

SCHOOL MEETING.—The tax payers of this school district should remember the meeting appointed for this evening at the Central School House. It is important that there be a full attendance.

CLUB MEETING TO-NIGHT.—There will be speaking at the rooms of the Multnomah County Union Club, on this street, this evening.

THE SAM MERRITT.—The bark *Sam Merritt*, Capt. Monson, arrived at Honolulu on the 10th of April, and would have quick dispatch for Portland.

MESSAGES.—Henry Cock, and John S. Maggs will find dispatches at the telegraph office.

FENIAN GUARDS.—A meeting of the Fenian Guards will be held at their armory in Carter's block this evening.

EVIDENCE IN REGARD TO THE PRESIDENT'S ASSASSINATION.—The House Judiciary Committee to-day (April 2?) examined at great length a Dr. Jas. Merritt, who alleges that he was present at Montreal in February 1865, at a meeting of prominent rebels, among whom were Sanders, Tucker, Thompson, and a large number of others, among whom the question of the assassination of Lincoln, Stanton, and Grant was freely talked over, and it was generally understood among them it was soon to take place, and that Booth was the man who was to perform the act; and he says that a letter was exhibited, purporting to be from Jeff. Davis giving his sanction in regard to the matter. He said that he afterwards saw Mr. Clay, when he called his attention to the matter, and was told by Clay that he understood all about it. This is the same sort of evidence that came out in the conspiracy trial which was not credited. Merritt says he was recently from Kentucky, went to Canada in 1863, and now resides at Indianapolis, Indiana.—*Washington Correspondent N. Y. World.*

Sanders and Tucker are the men who assisted and advised in the framing of the Democratic National Platform, adopted at Chicago. Mr. Seward said that the evidence of their complicity in that work was conclusive. They are the men through whom the organization of "The Knights of the Golden Circle," alias "Sons of Liberty," alias "Old Guard," was introduced into the Northern States. They sent the proposition to assassinate the President along with the "Old Guard." It came with the "Old Guard" into Oregon, and wherever the "Old Guard" was organized, there the assassination scheme was also talked of. If Sanders, Tucker and Thompson were in Oregon, they would vote the Democratic ticket. The Democracy was and is the party with whom they acted to promote the interests of treason and to procure the assassination of President Lincoln.

Dr. Hostetter's Stomach Bitters.—These Bitters are universally acknowledged to be a sure preventive and cure for Fever and Ague, Flatulence, Heaviness of the Stomach, or any other like affection. Their effect upon the system is most miraculous; they give a healthy tone to the system, relieve all morbid matter and in fact thoroughly cleanse the system of all impurities. In no case has it been known to fail, but on the contrary, new virtues have been found in its use. To those afflicted with any of the above ills of the body, the "Bitters" are offered as a speedy and certain cure. Try them and form your own opinion.—Sold by Druggists and dealers everywhere. my20 HODGE, CALEF & Co., 97, Front St.

The reason why so many die with Consumption is because they neglect to use the proper remedy in season. When the system is first attacked with a cough, oppression of the chest, or seated pains in the breast, ALLEN'S LUNG BALSAM will cause the phlegm to raise, heals the irritated parts and restores the system to health. They purify, strengthen and invigorate.
They create a healthy appetite.
They are an antidote to change of water and diet.
They overcome effects of dissipation and late hours.
They strengthen the system and enliven the mind.
They prevent miasmatic and intermittent fevers.
They purify the breath and acidity of the stomach.
They cure Dyspepsia and Constipation.
They cure Diarrhea and Cholera Morbus.
They cure Liver Complaint and Nervous Headache.

They make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya bark, wintergreen, sassafras, roots and herbs, all preserved in perfectly pure St. Croix rum. For particulars, see circulars and testimonials around each bottle.

Beware of impostors. Examine every bottle. See that it has our private U. S. Stamp unmutilated over the cork, with plantation scene, and our signature on a fine steel plate side label. See that our bottle is not refilled with spurious and deleterious stuff. Any person pretending to sell Plantation Bitters by the gallon or in bulk is an impostor. Any person imitating this bottle, or selling any other material therein, whether called Plantation Bitters or not, is a criminal under the U. S. law, and will be so prosecuted by us. We already have our eye on several parties re-filling our bottles, &c., who will succeed in getting themselves into close quarters. The demand for Drake's Plantation Bitters from ladies, clergymen, merchants, &c., is incredible. The simple trial of a bottle is the evidence we present of their worth and superiority. They are sold by all respectable druggists, grocers, physicians, hotels, saloons, steamboats and country stores.

G. VENARD,

CHARTRES COFFEE!

Manufactory Established in June, 1851.

STEAM POWER, NOS. 625 AND 627 FRONT ST.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities, CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

BEWARE OF COUNTERFEITS.

Montana News

The following items are from the Montana *Post* of May 5th

MONTANA QUARTZ.

Every quartz miner that hails from Nevada or California, has the same story to tell us of the indications of the wealth with which our land abounds. They say they can pick up on the way side as they journey along just as fine indications of quartz as they ever saw at home, and the sight of our gold bearing specimens opens their eyes. They can scarcely credit what they behold and handle.

THE MULLAN ROAD

A letter from our correspondent J, dated at Blackfoot on the 30th ult, informs us that the Mullan road is open to pack trains. One had already arrived. Large numbers are near at hand, coming via Pen d'Oreille Lake route. The San Francisco Chamber of Commerce has given the contract for clearing the Mullan road so as to make it passable for wagons, to Mr. Thomas Page of Walla Walla. The sum agreed upon is $10,000, and the road is to be finished in July. Our correspondent says that business is improving. The miners feel in good spirits, judging from the amount they take at the saloons.

THE RIVER TRAFFIC

Our latest accounts by dispatch and exchange informs us that the greater part of the Montana fleet has passed Omaha, and, as the water is good, we may expect the arrivals of the steamers in a time four or five weeks in advance of last year's dates for spring arrivals. Preparations are being busily made, both here and at Helena, for trains to meet the packets at various points on the river.

FROM PRICKLYPEAR CITY

The large steam quartz-mill, which has laid in Boulder valley all winter, just passed through here, *en route* to the famous Brown lode, near Nelson gulch.

The road is literally crowded with teams and packers from Boise and Nevada. Many having other means of conveyance, have come through on foot, carrying on their backs enough to load a common sized mule. We glory in their spunk—it's the right sort for this country. I learn in conversation with many, that there are large bands of cattle within a few days drive of Virginia City. It is also asserted by them that the excitement is so great in regard to this country, that there will be no one left there by July that can raise means to get away. Semnote it be.

The Remedy for Curing

CONSUMPTION, COUGHS, COLDS,

Asthma, Croup,

Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest and Lungs, Difficult Breathing and all the Diseases of the Pulmonary Organs.

ITS ACTION IS EXPECTORANT, ALTERATIVE, SUDORIFIC, SEDATIVE, DIAPHORETIC AND DIURETIC, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucus; CHANGES THE SECRETIONS AND PURIFIES THE BLOOD; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect, that it is WARRANTED TO BREAK UP THE MOST DISTRESSING COUGH IN A FEW HOURS' TIME, if not of too long standing. IT IS WARRANTED to give entire satisfaction even in the MOST CONFIRMED CASES OF CONSUMPTION! IT IS WARRANTED NOT to produce costiveness (which is the case with most remedies) or affect the head, as it contains no Opium in any form. IT IS WARRANTED TO BE PERFECTLY HARMLESS to the most delicate child, although it is an active and powerful remedy for restoring the system. THERE IS NO REAL NECESSITY FOR SO MANY DEATHS BY CONSUMPTION, when ALLEN'S LUNG BALSAM will prevent it if only taken in time.

PRIVATE MEDICAL INSTITUTE,

S. E. Cor. Jackson and Kearney Sts.,

SAN FRANCISCO

THE GREAT ERADICATOR OF SPECIAL COMPLAINTS, FORMERLY OF LOCK HOSPITAL, LONDON, EIGHT YEARS IN SACRAMENTO, AND THE LAST THREE YEARS IN SAN FRANCISCO

DR. TOZER'S

Experience is of forty years standing, and during that time has met with unparalleled success in the treatment of all those diseases generally known as

Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar, some perhaps will not be out of place. The most formidable, the most destructive to mankind is Self Abuse. The brain being the seat of the disease the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering. Nervous Debility, loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the Limbs, Headache, and an Aversion to Genial Society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on DR. TOZER and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for my circular on that disease and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula.

Syphilitic Disease

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two latter countries no doubt have seen the dreadful effects of it on both the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. This is to be I have learned by experience, and think that I can say without boasting that I have seen more practice in these diseases than any other physician in California, dating as it does from 1849. It becomes you, therefore, to think well before you employ a physician.

Who is the proper one to consult—an old experienced one or one who has recently settled amongst you?

My Plan is Purely Vegetable,

Destroying the disease and purifying the blood, so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swelling of the different joints of the body, running sores, etc., etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Diseases Peculiar to Females,

Such as Retention, Painful Menstruation, etc., etc., have been my study for a great number of years, and I can safely promise a perfect cure in a short time.

Be not deterred from calling on Dr. TOZER from delicacy or a fear of exposure, as the Doctor is a man to whom you can trust, and all cases are treated with the utmost secrecy.

My Female Pills

Are the best ever used in this climate for the Suppression of the Monthly Sickness. Every lady should have a box in case of necessity. Price $5. Consultation at the office or by letter FREE. All letters returned or destroyed. Office hours from 9 a. m. till 8 p. m.

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,

617 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhœa, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces and their broken constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this condition thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible life-destroying maladies—see that they are cared for and cured before it is too late. Send them immediately to Doctor Gibbon, who has made private disease his especial study, and who has it is certain to cure the most inveterate without mercury or any injurious drugs. It is to those who are afflicted, or to those who are solicitous for the welfare of their friends, to be careful in the many pretended doctors who infest all cities, boasting their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent men from Europe and other places. Be therefore careful, make strict inquiry, or you may fall into the hands of these charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of [illegible] solitary vice, or depraved sexual indulgence. This is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combated by scientific medical measures, viz: Sallowness, countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure or make no charge.

Persons at a distance may be CURED AT HOME, by addressing a letter to Doctor Gibbon, stating case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage or curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Address DR. J. F. GIBBON, 617 Kearney street, near Commercial, San Francisco. Post Office Box 222.

Consultations FREE.

CAUTION TO THE UNFORTUNATE.

Beware of the San Francisco quacks and pretenders who with bogus sworn certificates dupe the unwary. Some of the self styled Doctors, whose names are to be found in the daily and weekly papers of San Francisco and other places, are tradesmen, and become too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc., etc. Look over the San Francisco City Directory, and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make inquiry—it will cost you nothing and may save you many regrets; for as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. DR. GIBBON does not deceive people by exhibiting bogus offices, certificates, pretended patients letters, etc. DR. GIBBON will satisfy persons who may call at the office of his ability to treat diseases that he promises to cure. Consultation Free. ap[illegible]

Prevention Better than Cure.
